

Hello Juneau County Businesses,

We are working to prepare an allocation request for the flooding we had as a result of the spring thaw in mid-March. (Micro Loans up to \$15,000)

As part of that process, WEDC requires we identify prospective businesses that might apply. That helps them determine any allocation we might get for the program in our region.

**If you are interested in your business applying for a Micro Loan, please provide us the following:**

- **Business Name**
- **Business Contact**
- **Business Address**
- **Damage Type (foundation, utilities/appliances, equipment, etc)**
- **Estimated Damage in \$**
- **Estimated Loan Request (up to \$15,000)**
- **Level of interest in Applying for Micro Loan**

Any information you can provide will help. We need this information as soon as possible.

Thank You,

**Terry Whipple**

Juneau County EDC
