Community Development Block Grant Program

Counties of Adams, Green Lake, Juneau, Marathon, Marquette, Portage, Waupaca, Waushara & Wood

To Whom It May Concern,

The Community Development Block Grant Program is a home repair loan program with 0% interest and deferred payments until the applicant no longer occupies the home. We offer loans to low to moderate income residents. There are homeowner and rental unit loans available.

The home repair needs that are eligible are repairs that bring the home up to safe and sanitary living conditions. We currently have close to \$3 million that needs to be used to help eligible applicants in Adams, Green Lake, Juneau, Marathon, Marquette, Portage, Waupaca, Waushara and Wood counties.

We are hoping to get our program information out and we have included 5 of our brochures. We would appreciate it if you could set out our brochures for possible individuals or families who could benefit from our program. If you need more brochures, please contact us and we will send more to you right away.

Our application can be found on our website juneaucountyhousingauthority.com under the Community Development Block Grant Program tab.

Thank you for your help.

Sincerely,

Emily Erickson
CDBG Assistant
